Objective

Frontend Developer with hands-on experience in React.js, JavaScript, and responsive web development. Skilled in building scalable, user-friendly applications with optimized performance and clean UI design. Seeking opportunities to contribute to innovative web development projects.

Experience

Front-End Developer Intern

Jun 2023 – Jul 2023

Octanet Pvt Ltd, New Delhi

- Developed 5+ responsive web interfaces using HTML, CSS, JavaScript, and Bootstrap.
- Built an interactive To-Do List application using JavaScript DOM manipulation with add, delete, and status tracking features.
- Designed responsive landing pages improving user engagement and website performance.
- Collaborated with team members using Git and GitHub for version control and project management.
- Debugged UI issues and improved cross-browser compatibility for better user experience.

Projects

Smart Vision System

2025

- Tech Stack:** Python, OpenCV, Machine Learning
- Developed a computer vision system for face detection, emotion analysis, and currency recognition with real-time processing.
- Improved detection accuracy and optimized processing performance.
- Live — Source Code

E-Commerce Web App

2025

- Tech Stack:** React.js, JavaScript, CSS, Vercel
- Built a responsive e-commerce application with product listing, filtering, cart functionality, and dynamic UI components.
- Implemented reusable React components and optimized frontend performance for smooth user experience.
- Integrated responsive layouts for mobile, tablet, and desktop compatibility.
- Live — Source Code

Portfolio Website

2025

- Tech Stack:** React.js, Tailwind CSS, Vercel
- Designed and deployed a personal portfolio website with responsive UI and modern design principles.
- Improved website performance and optimized loading speed for better accessibility.
- Live — Source Code

Weather App

2025

- Tech Stack:** JavaScript, REST API, HTML, CSS
- Created a weather forecasting application using API integration for real-time weather updates.
- Implemented responsive design and optimized API handling for improved reliability.
- Live — Source Code

Skills

Programming Languages: JavaScript, Java, C, C++
Frontend: HTML5, CSS3, React.js, Bootstrap, Tailwind CSS
Tools & Platforms: Git, GitHub, Vercel
Database: MongoDB
Core Concepts: Responsive Design, DOM Manipulation, REST APIs, Performance Optimization, Accessibility
Soft Skills: Problem Solving, Team Collaboration, Adaptability, Time Management

Education

B.Tech in Computer Science

2022 – 2026

Dev Bhoomi Uttarakhand University

Certifications

- Front-End Web Developer – LinkedIn Learning (2023)
- React Certification – LinkedIn Learning (2024)
