Professional Summary

React Developer with experience across three frontend development internships, building responsive, component-based web applications using React.js, Next.js, JavaScript (ES6+), and TypeScript. Familiar with Redux, Jest, npm/Webpack, CI/CD pipelines, and Git-based Agile workflows.

Experience

Frontend Development Intern (Online) Unified Mentor Pvt Ltd	Aug 2025 – Jan 2026
- Completed a 6-month frontend development internship building responsive web applications and modern UIs using HTML5, CSS3, JavaScript, React.js, and Bootstrap. - Designed and developed a personal portfolio website, an e-commerce web application, and a responsive landing page as core internship deliverables. - Implemented reusable UI components, optimized website performance, and ensured cross-browser compatibility.	
Frontend Development Intern (Online) Codec Technology Pvt Ltd	Aug 2025 – Sep 2025
- Built responsive websites and interactive user interfaces using HTML5, CSS3, JavaScript, and Bootstrap. - Implemented interactive UI components, improved website responsiveness, and followed clean coding standards.	
Frontend Development Intern (Online) OctaNet Pvt Ltd	May 2024 – Jun 2024
- Developed a responsive landing page and an interactive To-Do List application using JavaScript DOM manipulation. - Applied HTML5, CSS3, JavaScript, and Bootstrap to build interactive, maintainable web interfaces.	

Projects

E-Commerce Web App Tech Stack: React.js, JavaScript (ES6+), CSS3, Vercel - Built a responsive e-commerce web application with product listing, filtering, cart functionality, and dynamic UI components. - Implemented reusable React.js components and optimized frontend performance for a smooth user experience. - Live — Source Code	(Unified Mentor Internship)	2025
Portfolio Website Tech Stack: React.js, Tailwind CSS, Vercel - Designed and deployed a personal portfolio website with responsive UI and modern design principles. - Improved website performance and optimized loading speed for better accessibility and SEO. - Live — Source Code	(Unified Mentor Internship)	2025
Weather App Tech Stack: JavaScript, REST API, HTML5, CSS3 - Created a weather forecasting web application using third-party REST API integration for real-time updates. - Implemented responsive design and optimized API request handling for improved reliability. - Live — Source Code		2025

Skills

Programming Languages: JavaScript (ES6+), TypeScript, Java, C, C++
Frontend Development: HTML5, CSS3, React.js, Next.js, Redux, Bootstrap, Tailwind CSS
Testing: Jest
Tools & Platforms: Git, GitHub, npm, Webpack, Vercel, VS Code
DevOps: CI/CD Pipelines (GitHub Actions)
Database: MongoDB
Core Concepts: Responsive Web Design, DOM Manipulation, RESTful APIs, Component-Based Architecture, State Management, Performance Optimization, Cross-Browser Compatibility, Web Accessibility
Methodologies: Agile/Scrum, Git Branching Workflows, Code Reviews
Soft Skills: Problem Solving, Team Collaboration, Adaptability, Time Management, Communication

Education

B.Tech in Computer Science Dev Bhoomi Uttarakhand University	2022 – 2026
--	-------------

Certifications

- Front-End Web Developer – LinkedIn Learning (2023)
- React Certification – LinkedIn Learning (2024)
